

Using the Library

During our Academic Program Review (an internal and external review of an academic program performed every five years), the external reviewer commented quite favorably on our library resources. We receive quite a few comments on the quality of our library resources. You can access these resources by going to the [main library home page](#).

Additionally, the library has designed a guide that brings together a number of very helpful sources that you can use in your studies. This [Guide to Psychology Resources](#) can link you to many popular areas. Refer to this guide often.
